

Innovative comfort

Concern Energy-Saving Cooling

Centrifugal Fan Blower design, quietly cooling

Square shape, Compact and Sturdy

Mode: LL04-18J

General Features(LL04-18J):

- Concise design, Compact and Sturdy
- Power supply: 220-240V~ 50/60Hz
- Cooling Power: 65W
- 3 in 1 Function: Air Cooler/ Fan/ Humidifier & Air refresh
- Water Evaporation heat absorption and ice cooling
- 3 Fan Speed: Low/Mid/High
- Water Tank Capacity: 6L
- Air Flow Volume (m³/h):400
- Humidify Capacity(L/H): 0.5-1L
- Automatically horizontal louvers swing for more scope cooling
- Manual adjustable vertical louvers for airflow direction
- 2 ice packs include

Advance Features(LL04-18J):

- Centrifugal Fan blower, create strong air flow with low noise level ≤ 55 dB
- Easy to fill ice cubes and water at top cover for cooling function
- Automatically horizontal louvers swing for more scope cooling
- Detachable Water tank, easy to fill water and clean, to avoid microbial pollution

Centrifugal Fan Blower

ice cube tray, easy to fill water and ice cube for cooling function

Automatically horizontal louvers swing & Vertical louvers manual adjustable

detachable water tank for easy clean and to anti-bacteria and microbial pollution

LED screen, touch control can be turn-off for better sleeping

Wheels for easy movement

Model: LL04-18JR

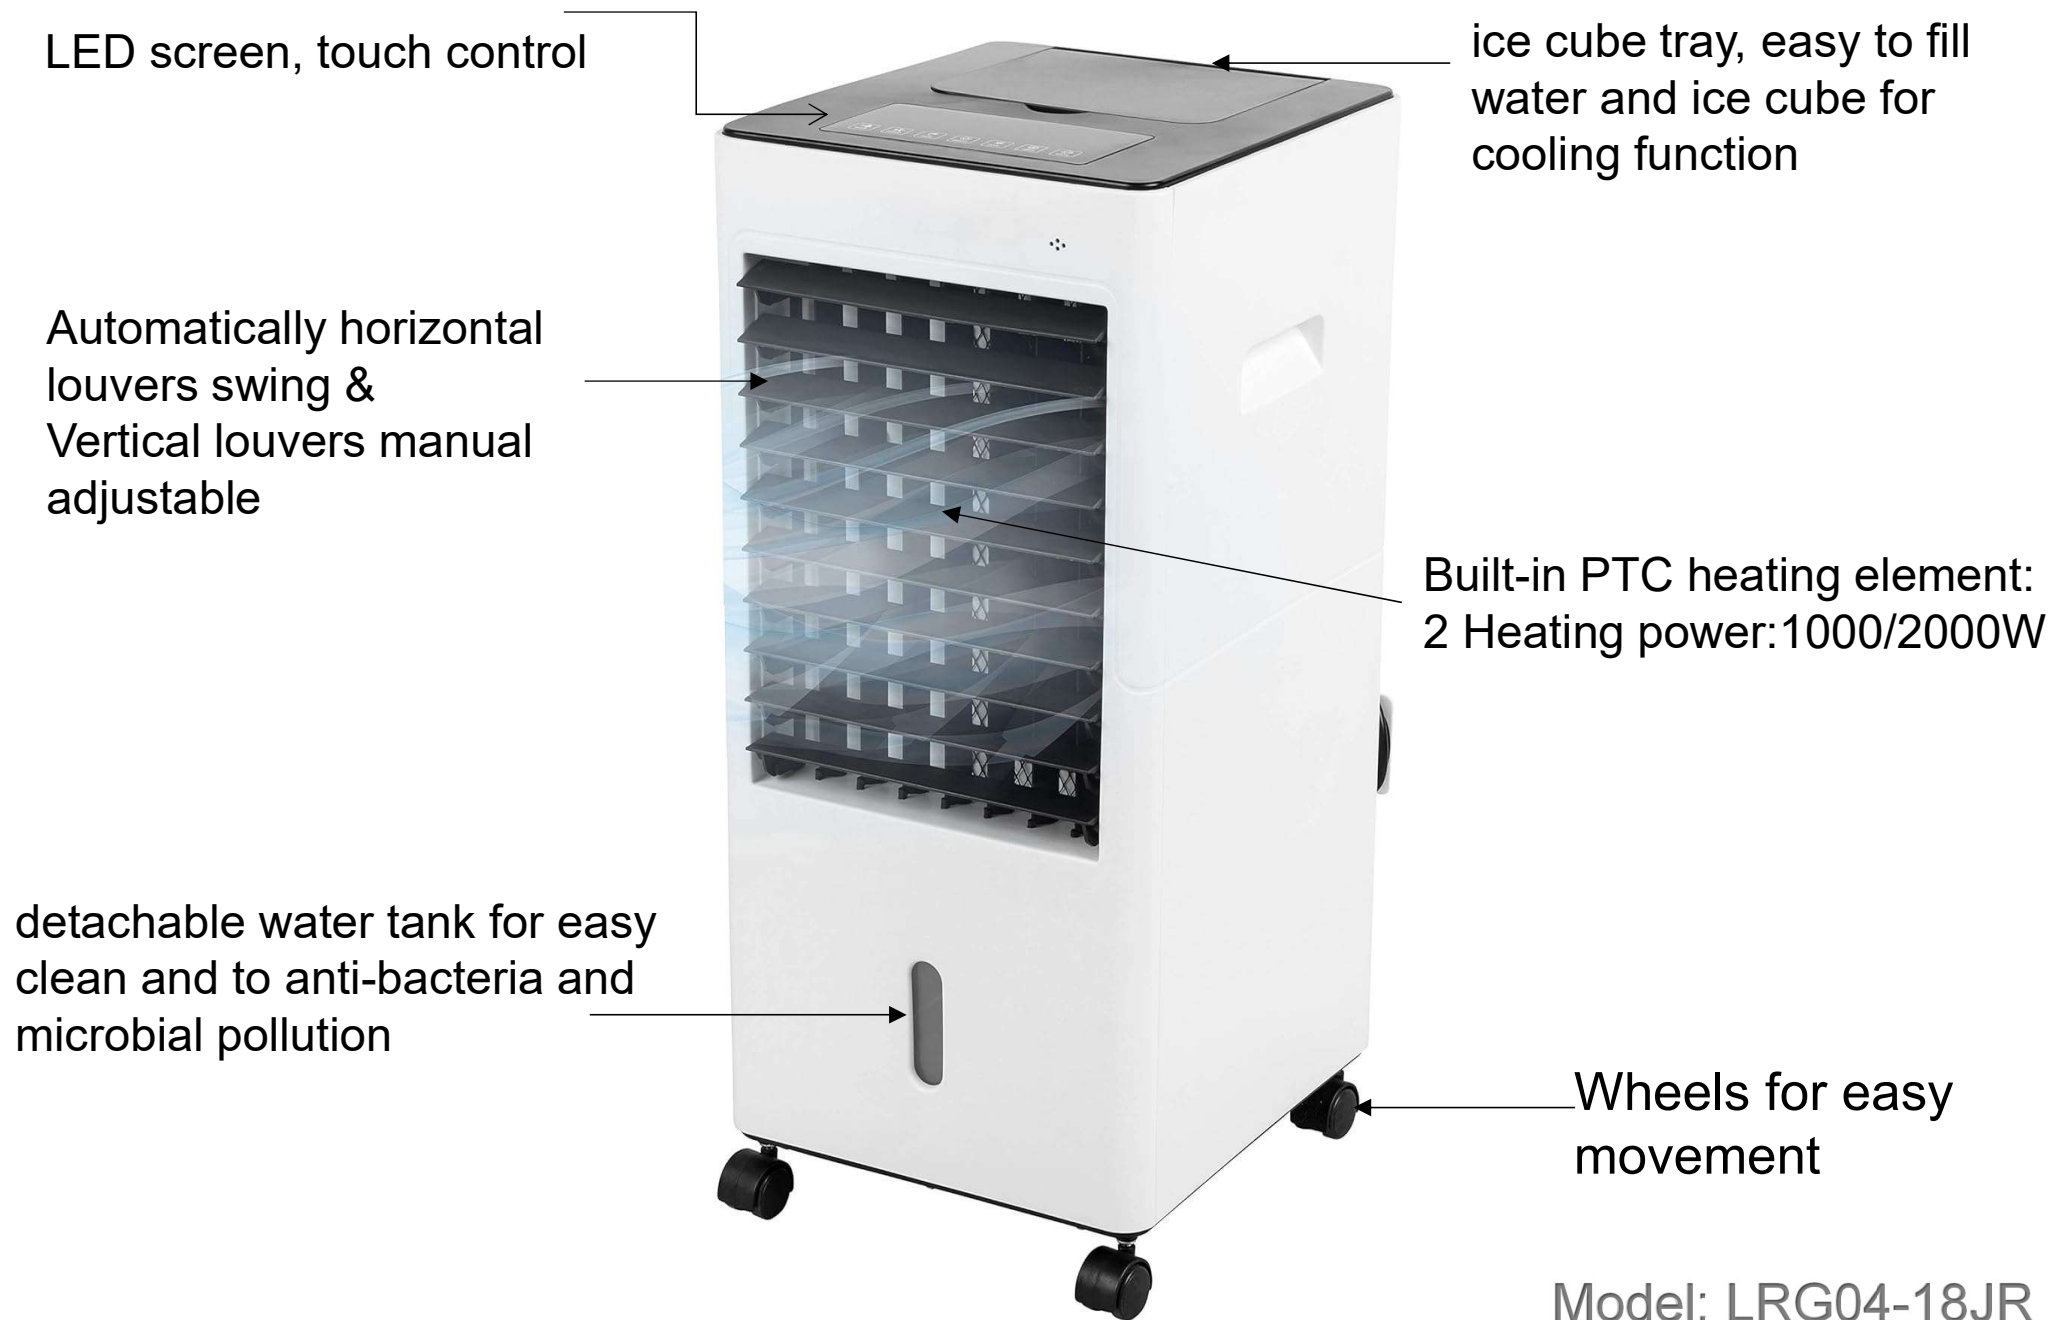

General Features(LL04-18JR):

- Concise design, Compact and Sturdy
- Cooling Power: 65W
- 3 in 1 Function: Air Cooler/ Fan /Humidifier& Air refresh
- Water Evaporation heat absorption, ice cooling
- 3 Fan Speed for cooling: Low/Mid/High
- 3 Fan Mode for cooling: Normal/Nature/Sleep
- Water Tank Capacity: 6L
- Air Flow Volume (m³/h):400
- Humidify Capacity(L/H): 0.5-1L
- Automatically horizontal louvers swing for more scope cooling
- Manual adjustable vertical louvers for airflow direction
- 2 ice packs include

Advance Features(LL04-18JR):

- Remote control
- 0~12hours timer
- LED temperature display and touch control
- Centrifugal blower, create strong air flow with low noise level ≤ 55 dB
- Easy to fill ice cubes at top cover for cooling function
- Automatically horizontal louvers swing for more scope cooling
- Detachable Water tank, easy to fill water and clean, to avoid microbial pollution

4-in-1 design, Air Cooler/Fan/Humidifier& Air refresh/Heater

LED screen, touch control

ice cube tray, easy to fill water and ice cube for cooling function

Automatically horizontal louvers swing & Vertical louvers manual adjustable

Built-in PTC heating element: 2 Heating power: 1000/2000W

detachable water tank for easy clean and to anti-bacteria and microbial pollution

Wheels for easy movement

Model: LRG04-18JR

General Features(LRG04-18JR):

- Concise design, Compact and Sturdy
- Cooling Fan Power: 65W
- 4 in 1 Function: Air Cooler/Fan/Humidifier & Air refresh/Heater
- Water Evaporation heat absorption, ice cooling
- 3 Fan Speed for cooling: Low/Mid/High
- 3 Fan Mode for cooling: Normal/Nature/Sleep
- Water Tank Capacity: 6L
- Air Flow Volume (m³/h):400
- Humidify Capacity(L/H): 0.5-1L
- Automatically horizontal louvers swing for more scope cooling
- Manual adjustable vertical louvers for airflow direction
- 2 ice packs include

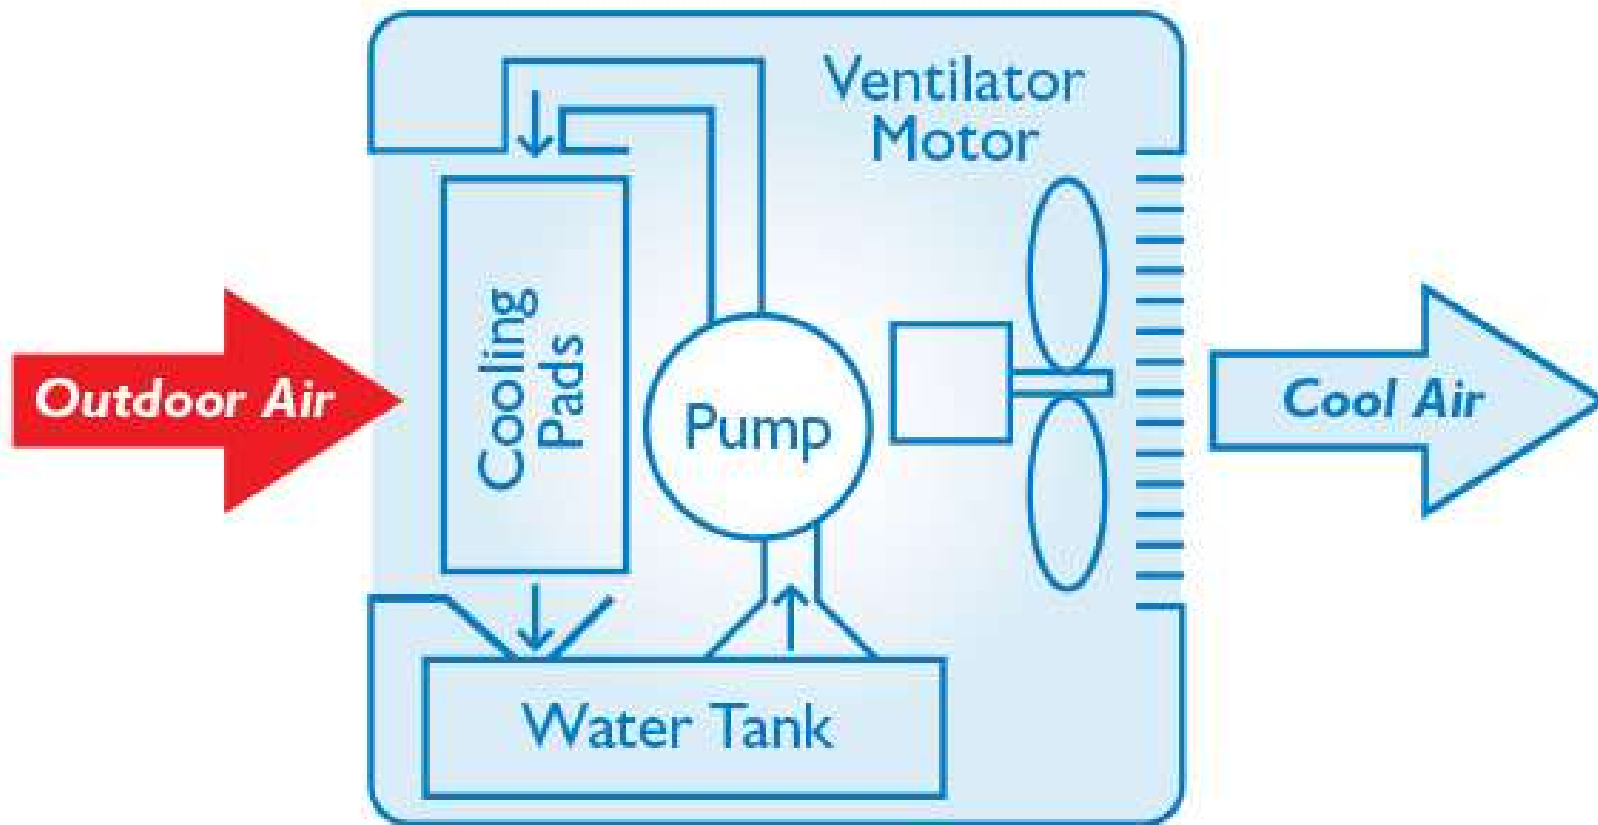

HEATING FUNCTION
For maximum comfort

Advance Features(LRG04-18JR):

- 4-in-1 design, 65W Cooling Fan for summer, max 2000W Heating for winter
- PTC heating element, high heat efficient and immediately heating up
- Remote control
- 0~12hours timer
- LED temperature display and touch control
- Easy to fill ice cubes at top cover for cooling function
- Automatically horizontal louvers swing for more scope cooling
- Detachable Water tank, easy to fill water and clean, to avoid microbial pollution
- Heating room area recommend: 20-30m²

4 functions in 1

No window ventilation tubing required

FAN

AIR COOLER

HUMIDIFIER

PURIFIER

Convenient features

Cooling made easy

Add a few drops of fragrant oil to refresh air.

3 speed settings

Energy saving

Quiet operation

Dust filtration

Effective purification

Strong wind

Water-level indicator

Easy mobility

Three breezy modes

Normal

Works just like a normal fan with great breezes.

Natural

As nature intended it, random breezes throughout the room.

Sleep

High speed will gradually decrease to low for lullaby moments.

Simple Operation:

LL04-18J

LL04-18JR/LRG04-18JR

Fan Speed	Low	Mid	High
Air flow Speed (m/s)	4.1	5.7	7.1

- SWING: Active horizontal louvers automatically swing function
- COOL: Active Water Cooling function
- WARM: Active Heating function

Product dimension and packing information:

Model	N.W./G.W. (Kg)	Gift Box (mm)	Pcs/20GP	Pcs/40GP	Pcs/40HQ
LL04-18J	4.7/5.6	350x320x650	400	826	952
LL04-18JR	4.7/5.6	350x320x650	400	826	952
LRG04-18JR	4.9/5.8	350x320x650	400	826	952

Black color Top Cover(Basic)

White color Top Cover(Optional)

6L detachable water tank, easy to fill with clean water and ice cubes, keep cooling with constantly ice cubes filled.

Meanwhile, it is easy to drain and refill the water, easy to clean the tank, compare with no detachable water tank, it can avoid the bacteria and microbial pollution, much more healthy to your body.

Easy to fill water and ice cubes at top cover, for cooling function

Wider cooling

Direct the airflow

HORIZONTALLY

Air outlet:

Automatically swing control of horizontal louvers, to get larger scope cooling.

VERTICALLY

Manual vertical louvers to adjust airflow direction up & down

High qualified honey-comb filter pad, easy to clean and replace

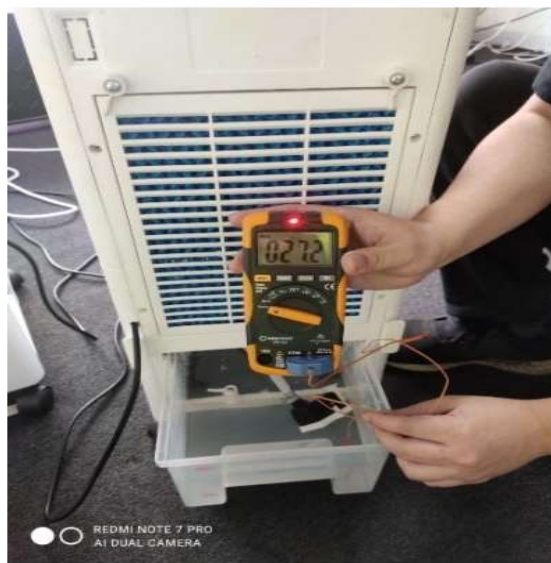

Life time of filter pad:
>2 years

Cooling Test

Room temperature: 32C

Water temperature after 30 min: 27.2C

Max fan + Cool + ice
28.3C

Measured 30 min

After running for 30 mins in Cooling function:

	Room previous Temp.	Blows out air Temp.	Temp. drops
detected Temp.	32°C	28.3°C	4°C

Suitable for bedroom, home office, study room, lounge and so on, which request a quiet and comfortable space cooling.

Thank You !
